

Discharge set for dirty water immersion pumps 15 metre (0903061294)

Order No. 0903061294

EAN 4003665420554

Representative picture

- For connecting all immersion pumps with Storz couplings C=2"
- 2" Construction/industrial hose, high strength polyester thread, round woven, rubber-lined interior, corrosion-free, ozone-, decomposition- and mould-resistant
- Light alloy Storz couplings fixed in on both sides
- Couplings fixed in with special steel wire
- Consisting of:
 - 2" Industrial hose
 - Storz couplings C=2"
 - Cam distance: 66 mm

Technical values

KEY FIGURES

| | |
|------------------------|-----------|
| Inner Ø | 52 mm |
| Wall thickness | 2.4 mm |
| Length | 15 m |
| Operating pressure | 10 bar |
| Burst pressure | 30 bar |
| Temperature resistance | 0 - 60 °C |
