Representative picture

- Flexible cordless pump with 2 functions: can be used always and everywhere as immersion pump or rain barrel pump
- For environmentally-friendly garden irrigation with rain water or pumping out of clear water from containers, water basins and flooded cellars
- Fast retrofitting from rain barrel pump to clear water immersion pump thanks to tool-free removal of the pump base
- Low-intake level up to a residual water level of 1-2 mm
- External battery pack box for protection of the battery pack from moisture, can easily be fixed to the wall or containers
- Easy operation and control of the pump thanks to uncluttered control panel on the battery pack box
- Timer function with three runtimes from start, perfect when using garden sprinklers
- Flexible dosing of pressure and water quantity thanks to three performance levels and regulating valve
- Suitable for a number of containers thanks to slim design (Ø142 mm) and long cable to the battery pack box
- Metabo pump protection: automatic dry-run protection with LED display to protect the pump and high user safety
- Durable thanks to double sealing system and overload protection of the motor
- Washable filter protects the pump from contaminations
- Robust housing made of impact-proof plastic with integrated cable winder and carry handle
- Many brands, one battery pack system: This product can be combined with all 18V battery packs and chargers of the CAS brands: www.cordless-alliance-systems.com
