

# Carbide burr, RBF 122570 / 6 - "professional premium" (628593000)

Order No. 628593000  
EAN 4061792254749

Representative picture

- Carbide burrs with universal serration and innovative coating for general applications
- Up to 100 percent more material removal than for comparable carbide router bits with cross-cut serration
- Longer service life thanks to innovative coating
- Thanks to special universal serration it can be used in many different materials.
- Application examples: Deburring, machining of contours, processing of surfaces, milling of hard to reach places, machining of narrow angles

## Technical values

### KEY FIGURES

Head Ø	12 mm
--------	-------

Working length	25 mm
----------------	-------

Overall length	70 mm
----------------	-------

Shaft Ø	6 mm
---------	------

Maximum speed	35000 rpm
