

SDS-plus Pro4 (2C) / 6 x 50/110 mm (631824000)

N.º da encomenda 631824000
EAN 4007430075444

Imagem representativa

- Highest drilling speed through reduction of friction and improved impact transmission through special cutting geometry on the meißelförmigen drill tip
- Stable and durable centering tip for precise drilling
- Power Breakers cause micro-cracks in the material for a noticeably faster drilling progress
- Enlarged reinforcement phases reduce the risk of jamming when drilling reinforcement bars
- Large-volume 2-flute design with core reinforcement for fast removal of drill chips and maximum safety
- Suitable for use in concrete, masonry, natural stone, granite
