

Representative picture

### Carbide hammer drill bit, SDS-plus "Pro 4 Premium", 4 cutting edges

- Intelligent geometry with its uncompromised quality of detail ensures a long service life, precise drill holes and maximum quiet running - even on the toughest loads.
- Highest level of safety thanks to the optimum symmetrical head geometry with 4 full carbide cutters, which do not catch when encountering reinforcing.
- Up to Ø 16 mm: with innovative, welded full carbide head for maximum tool life and larger dust outputs for highest drill speed
- Power breakers cause micro tears in the material for a noticeable quicker drill progress
- Low-vibration drilling with 4-spiral helix. 2 large volume helixes remove the bore dust quickly and reliably from the drill hole, two reinforced spirals ensure additional safety and stability.
- Extremely resistant to breakage thanks to high-grade special steel
- Very long tool life for up to 50% more dowel-compatible circular bores
- For professional use in masonry, concrete and armoured concrete

| Diameter | Working length | Overall length | Shaft type | Sales unit | Order No. |
|----------|----------------|----------------|------------|------------|-----------|
| 10 mm    | 540 mm         | 600 mm         | SDS-plus   | 1          | 626117000 |
