

Representative picture

Steel-wire cup brushes, stainless steel, twisted

- For universal use in stainless steel processing, e.g. for smoothing welding seams and points, stripping slag, scales and old paint. Ideally suited for processing stainless steels
- Edging type: twisted stainless steel wire

Diameter	Female thread	Wire thickness	Maximum speed	Sales unit / packaging unit	Order No.
65 mm / 2 3/4 "	M 14	0.35 mm	11000 rpm	1 / 1	623801000
65 mm / 2 3/4 "	5/8 "	0.35 mm	11000 rpm	1 / 1	623805000
